HYDROTURF® is a U.S. registered trademark which designates a product from Watershed Geosynthetics, LLC. This product is the subject of issued U.S. and foreign patents and/or pending U.S. and foreign patent applications.

HIGHLIGHTS

- Originally turf reinforcement mats were used at Indian Springs, but because of the rocky sub-grade, vegetation wouldn't take. HydroTurf was used as a replacement to successfully provide the aesthetic solution that this residential channel needed.
